

Ayla the Aboyne Lodge Dog

Rules

Ayla is now very settled at Aboyne Lodge. However, she is still a young dog and needs everyone to follow these rules to ensure she stays happy and calm.

1. **Only Approach Ayla if she is wearing her 'On Duty!' coat.**
2. **Always ask the adult with her if you can stroke or touch her.**
3. **Do not run up to her.** (People running towards her may scare her or over excite her)
4. **Do not crowd round her.** If there are three people with her keep back. The adult will tell you when you can approach her.
5. **Do not shout or call her name as she walks around the school.** (If everyone calls her name it will scare her and it will disturb your lessons)
6. If she runs towards you or jumps up at you just **ignore her.** **Keep your hands to yourself.** (This will help her learn not to do this. We do not want her to encourage her to jump up.)
7. **Do not tease her by waving hands or objects at her face.**
8. If you walk past the office and she is on her own **do not put your hands through the gate to stroke her.** If there is an adult there ask before you stroke her.
9. Sometimes Ayla may be tired need some peace and quiet so always **listen to the adult with her and follow their instructions.**
